VOL. V. NO. 14

JOINT INTERIM SUBCOMMITTEE ON LIEN LAWS

AUGUST 1
MEETING DATE

Friday, August 1, at 9 a.m. has been set as the time for the sixth meeting of the Joint Interim Subcommittee on Lien Laws. The meeting, which the Committee hopes will conclude its work, will be held in Room 104 of the Capitol.

FINAL
RECOMMEND-
ATIONS TO BE
SET

Business to be considered includes final recommendations on liens for agricultural chemicals and fertilizers dealers, petroleum dealers, wage earners, physical therapists, and land surveyors, and any other lien issues remaining unresolved. Also on the agenda are a discussion of the possible liability of the state under the central filing and notification system on agricultural products liens authorized in the 1985 Federal Farm Law and a review of bills revising the Mechanics' Lien Law as requested at the Committee's fourth meeting.

JUNE 15
ACTION

At the fifth meeting on June 15, the Committee recommended the following changes in laws on exemptions from execution:

(1) allocate the \$40,000 homestead exemption for a dwelling house or mobile home between joint tenants or tenants-in-common, limited to the family residence, eliminate acreage consideration, change the probate code to allow the \$40,000 exemption to surviving spouses and/or minor children, and allow the court to fix the appraiser's fee in probate;

(2) adopt the federal level on wages and salaries of 30 times minimum wage to provide consistency between state and federal law and to allow garnishment of up to 25 percent of earnings;

(3) on personal and household possessions allow an aggregate exemption of \$6,000 including wearing

apparel, wedding rings and jewelry, but not more than \$600 per item;

(4) limit cash value at \$4,000 on an unmatured life insurance policy;

(5) standardizing the exemption for tools of trade at up to \$3,000;

(6) increasing the exemption for one automobile at a value of up to \$3,500;

(7) include workers' compensation and public retirement systems' benefits within the property exempt from bankruptcy proceedings;

(8) repeal the exemption of property needed for governmental functions; and

(9) allow tracing and exemption of proceeds of a personal property sale for six months and of a real property sale for 18 months.

COMMITTEE ORGANIZES

The Joint Interim Subcommittee on Liability Issues held its organizational meeting in Helena on June 14. Senator Bob Brown and Rep. Kelly Addy were elected chairman and vice-chairman respectively.

Staff presented background reports to the Subcommittee, and members reviewed and revised a proposed study plan and meeting schedule. Several interested persons appeared before the Subcommittee to offer their assistance during the study process. The Subcommittee directed staff to work with the Insurance Commissioner's Office to prepare a survey to collect data from insurance companies operating in Montana.

The next Subcommittee meeting is scheduled for Friday, August 15, at 9 a.m. in Room 104 of the State Capitol. During this meeting, staff will present reports on tort reform, insurance regulation, and other topics. The Subcommittee will also solicit proposals from interested persons and groups on legislative approaches to liability issues.

ENVIRONMENTAL QUALITY COUNCIL

NEXT MEETING AUGUST 4

The next meeting of the Environmental Quality Council will begin at 8:15 a.m. on August 4 at the Choteau Public Library. The meeting is the opening session of the EQC tour of oil and gas

development along the Rocky Mountain Front. The Council will hear presentations on overthrust geology, the status of oil and gas operations in the region, and surface management issues. EQC staff will present reports on environmental review procedures and regulation of the oil and gas industry in Montana and other western states. The meeting will also include a public comment session where representatives from various interest groups and the general public are invited to speak.

OIL - GAS
TOUR

During the afternoon of August 4 and through August 5, the Council will tour sites of past, present, and potential future oil and gas development along the Front. Scheduled stops include the Blackleaf Game Range, the Goat Mountain area, and Dupuyer Creek. Also under consideration is an August 6 side trip to examine a major developed gas field just north of the Alberta border.

POSSIBLE
MINE TOUR

Following the oil and gas tour, the EQC Water Resources Subcommittee may continue on to visit hard rock mine sites in northwestern Montana. However, plans for this segment are still tentative.

Legislators interested in participating in the tour or obtaining a complete agenda are requested to contact EQC.

LEGISLATIVE COUNCIL

MEETINGS:
HELD DURING
SPECIAL
SESSION

The Legislative Council met briefly during the special session primarily to review the staff's progress on session related concerns.

SET FOR
JULY 25

The Council will meet again July 25 at 10 a.m. in Room 132 of the State Capitol. The primary topic of discussion will be bill drafting requests for reorganization of the Legislative Branch.

On August 27 the Council staff will hold a day long brainstorming session on bill drafting problems, such as too many bills with too few hours and staffers. Staff is most receptive to advance suggestions concerning this topic. The primary purpose of the session is to find ways to deliver finished drafts ready for introduction as soon as possible while maintaining the highest quality attainable.

ADMINISTRATIVE CODE COMMITTEE

NEW LICENSING BOARDS-- SICK LEAVE-- WORKERS' COMP TO BE DISCUSSED

A meeting of the Administrative Code Committee is tentatively scheduled for Friday, August 15 at 9 a.m. in Room 108 of the State Capitol. Items on the agenda include the possibility of legislation "sunrising" (making it more difficult to create) new occupational licensing and regulatory boards, sick leave pool rules implementing 2-18-618(8), MCA, and the Workers' Compensation Act. The Committee chairman encourages all interested persons and groups, including government agencies, to appear and give their views on such matters as whether the Committee should study the problems involving the act; what they would like to see the Committee do; and what the problems, issues, and possible solutions are. The Governor's Advisory Council on Workers' Compensation is considering a September meeting and the Administrative Code Committee meeting may be rescheduled to coincide with the meeting of the Governor's Council.

COAL TAX OVERSIGHT SUBCOMMITTEE

COAL TAX WINDOW REVIEW

The Department of Revenue will report to the Coal Tax Oversight Subcommittee on the implementation of the New Coal Production Incentive Tax Credit at a hearing in Room 325 of the Capitol at 9 a.m. Friday, July 18. The provisions of HB 607, enacted in 1985, require the Subcommittee to hold a hearing on the effectiveness of the credit.

Others who will address the Subcommittee include Teresa Alcott Cohea, executive assistant to the governor, Dr. Paul Polzin of the Bureau of Business and Economic Research at the University of Montana, and Will Knedlik, director of Intergovernmental Programs, Lincoln Institute of Land Policy. A report by Dr. Arnold Silverman, Department of Geology, University of Montana, will be presented. Coal producers and purchasers have been invited to make presentations.

REVENUE OVERSIGHT COMMITTEE

ROC ACTIVE IN JUNE

June was a very busy month for the members of the Revenue Oversight Committee who attended two ROC meetings during the special session. The ROC Subcommittee on Liquor Recovery met an additional two times during the special session.

LIQUOR ENTERPRISE TRANSITION

What was accomplished during these meetings amounted to a strongly supported recommendation of the ROC for the Department of Revenue to begin a transition in the state's liquor enterprise. That transition will begin with the conversion of 17

state-owned liquor stores to "agency" status during fiscal year 1987. The Department will continue the transition after fiscal 1987 by continuing to convert state stores to agency stores. If the transition takes place in the recommended fashion, all of the state's liquor stores could be converted to agency stores by 1991.

TAX STUDY

Another item of interest is the ROC's assignment to do a "comprehensive tax study" for the 50th Legislative Session. An appropriation of \$25,000 was made in the feed bill for the study. Other states that have attempted "comprehensive tax studies" have committed anywhere from \$25,000 and considerable "loaned resources" (Texas) to \$800,000 (New Jersey), and usually about 1 1/2 to 2 years of Committee time. This study has neither the financial resources nor the luxury of time that other states have had. However, the Committee's staff is in the process of developing an outline of what can be accomplished within the financial limitations and time remaining before the regular session begins.

REDUCED MEETING SCHEDULE

Due primarily to budget considerations, the ROC will not meet during July or August, but will have a two-day meeting during September, specifically, the 11th and 12th. The September meeting will be principally devoted to discussions of legislation requests of the Department of Revenue, and revisions to Montana's process of property tax collections, including delinquencies, tax sales, and tax deeds.

UNIVERSITY TAX FORUM

Finally, there will be a tax conference in Helena on September 5 and 6, titled "Taxation and the Montana Economy", jointly sponsored by Montana State University and the University of Montana. The conference will focus on trends in Montana's economic base and tax system, including an exploration of alternatives to Montana's tax system. While not a "study" of Montana's taxes, the conference should provide a forum for discussing tax theory, tax philosophy, tax alternatives, and the experience of other states. The two universities are making a concerted effort to invite legislators and legislative candidates to the conference. For further information on the conference, call Marilyn Wessel, MSU, 994-2341, or Dan Smith, UM, 243-2311.

COMMITTEE ON INDIAN AFFAIRS

AUGUST 15
MEETING

The Committee on Indian Affairs met briefly during the June special session to discuss legislative options in the areas of alcoholism and the Indian Child Welfare Act and to plan for its next meeting.

The Committee's next meeting is scheduled for Friday, August 15, at 9 a.m. in Room 2222 of the Federal Building in Billings. Agenda items for this meeting include discussions of the Little Shell Band's efforts to obtain federal recognition and the Blackfeet Tribe's recently enacted tax code and liquor ordinance. The Committee will also continue its discussions on alcoholism and the Indian Child Welfare Act.

SELECT COMMITTEE ON HEALTH INSURANCE FOR RETIRED PUBLIC EMPLOYEES

AUGUST 22
MEETING
SET

The next meeting of the Select Committee on Health Insurance for Retired Public Employees is scheduled for Friday, August 22 in Room 104 of the State Capitol. During this meeting the Committee will continue to explore ways to help public employees meet their health insurance needs after retirement. Proposals under consideration include permitting employees to apply their unused sick leave toward payment of their health insurance after retirement and creating a trust fund program for payment of retiree premiums.

WATER POLICY COMMITTEE

JULY 14-15
MEETING

The Water Policy Committee will, with the exception of hydro issues, complete its review of water policy issues at its July 14-15 meeting. That meeting involves Committee participation in a seminar sponsored by the National Conference of State Legislatures (NCSL) to acquaint Missouri basin legislators with water management concerns and issues in the basin. A follow-up NCSL meeting will be conducted in the fall at a lower basin state location.

WORK NEARS
COMPLETION

In September, the Committee will convene to address a draft committee report and make tentative recommendations concerning the areas examined. The areas include water rights adjudication, interstate water issues, water data management, water research, the state water plan, water use efficiency, water development, drought management, groundwater management, and hydro power rights. These recommendations and the report will be finalized in November.
